

Project Advisory Committee (PAC) Meeting #1

City of Winston TSP Update

Wednesday, September 29, 2021 – 1:00 to 3:00 p.m.

Winston Community Center

440 SE Grape Ave, Winston, OR

Notes

Introductions

- Why are you interested in the TSP update?
 - ODOT facilities as Winston is growing rapidly
 - Need for an updated plan as it facilitates all City land use actions; need a clear vision moving forward
 - How to address growth and improve the system
 - Initial TSP plans have been completed but there's still more work to do
- What key issues should the TSP address?

What is a TSP?

- Reviewed the current TSP and why it's being updated

Project Schedule

- Reviewed the project timeline and Project Advisory Committee role

Background Information

- Reviewed Draft TM #1 (Plan and Policy Review) and Draft TM #3 (Analysis Methodology Assumptions)

Goals & Objectives

- Reviewed Draft Goals & Objectives
- Gathered Input from PAC
 - Health/safety: desire to connect parks; safer facilities near Elwood Street
 - Land use: local code should have language that speaks toward the City dealing with the deficiency related to right-of-way acquisition following new development. Where are existing roads inconsistent with

right-of-way standards when new development occurs; language from comp plan/code – prohibit new development on substandard streets (e.g., gravel roads) – would like to maintain this moving forward

- High crash locations at OR 42/Lookingglass and OR 42/Brockway; increase in ped-to-vehicle crashes at crosswalks since they've been installed

Next Steps

- Open House (9/29, 7:00PM)
- Comments on technical memos reviewed today from PAC by October 8
- Project team to begin developing transportation needs analysis
