

CLACKAMAS COUNTY *Update* TRANSPORTATION SYSTEM PLAN

Learn about **TRANSPORTATION PROJECTS**
that could be coming to your community and tell us what you
think about the proposed **PROJECT PRIORITIES**.

A Public Advisory Committee of residents from throughout Clackamas County, along with a Technical Advisory Committee and a project team have worked for more than a year to identify transportation needs for unincorporated Clackamas County over the next 20 years. We developed a prioritized list of more than 300 transportation projects after setting goals and objectives, developing evaluation criteria, analyzing data on estimated future employment and household growth, and gathering project information. Funding will only be available for a small proportion of these projects. Visit the online open house to take a look at the list and let us know if there are projects we've rated too high or not high enough.
