

## PROJECT OVERVIEW

The purpose of the Cascades East Transit Development Plan is to create an updated regional transit master plan for Central Oregon. The Cascades East Transit Development Plan will synthesize and update the existing Central Oregon Regional Transit Master Plan (2013) and the Bend Metropolitan Planning Organization's ("MPO") Public Transit Plan and Transit Corridor Land Use Assessment (2013). Because Cascades East Transit ("CET"), which is operated by the Central Oregon Intergovernmental Council ("COIC"), provides public transit service to Bend and the region, transit in Central Oregon will benefit from having a single up-to-date plan to help guide it through a planning horizon of 2040.
