

Project Advisory Committee (PAC) Meeting #4

City of Winston TSP Update

Wednesday, March 29, 2023 – 3:00 to 5:00 p.m.

Winston Community Center

440 SE Grape Avenue, Winston, OR

Notes

Project Update

- Project team provided and updated of what work has been completed to-date and next steps

Draft TSP Update Overview

- Functional Classifications
 - Will recommend in TSP to align the current federal classifications to the City's classifications through a table of comparisons
- Access spacing requirements recommended are timely and will be helpful
- The vehicle performance metrics recommended are definitely needed
- ODOT and the City will coordinate on TIA scoping procedures.
- ODOT has done internal evaluation of OR 42 / Lookingglass with the resources they have and support a detailed study being conducted to identify the appropriate change at this intersection. The TSP will recommend this study.
- OR 42 / Brockway is programmed in the STIP and will be moving forward for design.
- Need disclaimer language under funding section about neither City or ODOT being obligated to fund identified projects (check scope for language)
- SRTS Plan should be done by the end of May that will identify solutions along Thompson Ave; the TSP will align with these recommendations

Draft TM #10 (Amendments and Implementation Measures) Overview

- Project team provided overview of memorandum. No major comments from PAC.

Next Steps

- PAC is invited to attend final Open House here tonight from 7:00 to 9:00 p.m.
- PAC to provide Draft TSP Update and Draft TM #10 review comments to Thomas by April 5.
- Project team will incorporate input received from PAC and Open House into Draft TSP Update and Draft TM #10 and present them to the Winston Planning Commission in May and City Council in June for adoption consideration.
